

ARE YOU A STRATEGIC INVESTOR? WANT TO INVEST IN THE HUNGARIAN RENEWABLE ENERGY SECTOR?

If so, take a look at our latest recommendation:

25 MW BIOMASS POWERPLANT (SZOLNOK)

Your contact persons: Dóra Csátár – dora.csatar@itd.hu - Project Contact
Brigitta Kapa – brigitta.kapa@itd.hu - Project Manager

Construction and implementation of a 25 mw net capacity straw-fired biomass power plant. 195 gwh annual electricity production and reduced annual CO₂ emissions of 140,000 tons. ~166,000 tons of straw from an area of ~45,000 hectares will serve as feedstock annually. The combustion residue of flying ash will be returned to the fields as fertilizer.

The project offers the following competitive advantages:

- preferential feed-in tariff for 12 years due to government guarantees
- opportunity to sell co- emission reduction quota
- tax allowances and subsidies from the government
- secured feedstock and income for farmers on long-term basis

The project owner is forecasting a return on the total investment of **€89,200,000** within 12 years. The project owner is looking for an investor to acquire full or partial ownership in the company.

How can ITD Hungary help you?

As a one-stop shop, we provide potential foreign investors with high-quality support for key decision-making processes and an array of supplementary services from project preparation through implementation to after care.

In practical terms, this means you receive concise and comprehensive information tailored to your requirements on the local economy and business climate, taxation and the legal environment. We can also compile in-depth sector-specific overviews on request.

Once you come to a decision to see Hungary for yourself, we organise site visits and meetings with local, regional and central government bodies and introduce you to local suppliers, service providers and experts. When embarking on any investment project, taxation and incentives are key factors and our tax experts are on hand to offer invaluable advice and information if and when the need arises.

We will also assist you in selecting an appropriate site and guide you through the permitting process. We also prepare and explain incentives agreements and provide assistance when it comes to staff recruitment.

Even after the investment has been completed, you can always rely on our assistance for anything from an administrative problem requiring government attention or just advice on re-investments.
